PREREQUISITE	DURATION	FORMAT	OUTCOME
Curiosity	**12+ years**	**Applied, hands-on**	**People who use the product**

There's a lot of bad training out there. For 12+ years I've built education programs with one goal: make learning clear, useful, and human. I design for **adoption, not just consumption**, and increasingly I build the systems themselves: learning platforms, diagnostic tools, and interactive experiences that help customers become confident, capable users of the product.

EXPERIENCE as a learning path

MODULE 05 2024-NOW YOU ARE HERE

Instructional Designer · Algolia

Own customer education across onboarding, product training, and technical learning. Redesigned Algolia Academy around interactive and applied experiences, and built technical learning paths and certifications that drove record engagement — more than the previous four years combined in a single year.

MODULE 04 2020-2024

Instructional Designer · Talkdesk

Helped build and shape the education function as the company scaled. Owned internal onboarding for a global workforce and partnered with HR, leadership, and Sales Enablement on leadership development and sales enablement.

MODULE 03 2018-2020

Instructional Designer · Kelly Services

Designed interactive e-learning and assessments tied to operational goals. Built the training behind a large-scale process automation rollout, enabling adoption for 2,000+ global operators.

MODULE 02 2016-2017

Administrative Co-op · Dow Chemical

Led a data archival project covering 2,000+ confidential records in a highly regulated environment.

MODULE 01 2015-2016

eLearning Developer · Delta College Corporate Services

Developed e-learning modules and supported evaluation and refinement of training content.

HOW I THINK old way, my way

~~Create more content.~~
→ The goal isn't more learning. **It's helping people do more.**

~~Make sure everything is included.~~
→ Make the complicated feel simple. **Not the other way around.**

~~Create a course.~~
→ **Create an experience.** One people can try, practice, and apply.

~~Start building the solution right away.~~
→ **Share early. Collaborate often.** Build on what's already there.

Human first. AI enabled.
The more we can do with AI, the more important it is to remember who we're doing it for.

4 yrs in 1
Record Academy engagement: more than the previous four years combined, in a single year

91% vs 79%
Renewal rate where someone took a course versus where nobody did

2,000+
Global operators enabled by a process automation rollout

SELECTED WORK

Learning Data and Renewal Signals
Tied Academy activity to renewals, and checked it until it held up. Now part of how CS thinks about churn.

AI-Native LMS
An AI-native LMS built around search, a tutor in every course, and what customers actually care about.

AI Tools for Customer Success
Dashboards, review skills and an open-source library that automate the first pass and leave the call to people.

Executive Learning Path
Five short courses for the leaders who fund the product, built to be shared by CS and Sales.

SKILLS

DESIGN & BUILD
Claude Design, Claude Code, Adobe Creative Cloud, Figma

LEARNING
LMS administration, Articulate, Captivate, video and motion

DATA & INFRASTRUCTURE
Learning analytics, Supabase, GitHub, Vercel, Google Sheets and Apps Script
